

**From our Principal**

**Dear Parents and Friends,**

Greetings from Indus International School, Pune!

In my first newsletter I had introduced myself to you and written about Indus International School's plan and the work of our project office at Pune. I would like to take this opportunity to update you with our progress

During these months we have short listed qualified and experienced teachers and conducted interviews and appointed them for 2008. The teachers are being trained at the project office and some of them have been sent to Indus International School, Bangalore for training. Four of our teaching staff will be attending IB Workshops in February 2008.

Construction work has started on the school site. Once we set up our site office, we will plan to take the parents site visits. I would like to thank all those parents who contacted us and visited our project office. I really enjoyed interacting and discussing with the parents issues that are of vital importance for our children's education. We welcome all interested parents to visit us at our Pune Project Office (contact details given below) and I will be very happy to meet you and clarify if you have any doubts or questions.

To make it easy for our prospective parents in Mumbai, we have set up an office at Mumbai (contact details given below) and our contact person at Mumbai is Mr. Naveen Advani. Periodically, I will visit our Mumbai office and be available to meet parents. We

are very keen to establish a close link with our prospective parents and well wishers, so that together we can provide the best opportunities and education to our children.

We have planed to conduct seminars for parents to talk about our vision, mission and educational programmes. If you are interested to attend one of these seminars do send us an e-mail.

With warm regards,

Yours Sincerely,

**Pradip K. Das**
